Equipment List

Paint		Upholstery	
MB 9147 Arctic White		Fabric Maturin Black	
Lines, Packages and Special Models		Tires	
Standard		Steel Wheels 6,5J x 16	
Packages			
Smoker kit			
Tires			
Tires 236/65 R16C		Spare wheel	
Tires without brand specification		Summer tires	
Spare wheel holder under the rear frame		Low rolling resistance tires	
Engines, Transmissions and Drives			
OM 654 DE 20 LA 125 kW (170HP)		Vehicle without speed limiter EG	
6-Speed manual transmission ECO Gear		Main tank capacity 71 liters	
Asle ratio i = 3,392		SCR Generation 4 exhaust gas cleaning	
Level I stabilization		14 V/200 A alternator	
Additional basci body measures 2		Euro 6d emission standard N1 class III/N2	
Weight variation of 3880 kg		Keyless engine start system MWS	
Exterior			
High roof		Left sliding door	
Tinted glass with tinted strip on windshield		Rear door with 2 leaves, 270° opening (to wall)	
Sliding window front right wall/sliding door		Rail reinforcement	
Window in rear door/rear swing doors		Radiator grille frame in vehicle color	
Right sliding door		Rear door step	
Interior			
Driver's seat		Partition removal	
Two co-driver bench		Interior rearview mirror	
Semi-automatic air conditioning TEMPOMATIC		Handle rear right corner column	
Overhead compartment		Wooden floor suspension	
Storage compartment under driver's seat		External pipeline on the side wall	
Compartment with net on the rear doors		External pipeline on the rear door	
Heigh and tilt adjustable steering wheel			

Mercedes-Benz

Infotainment
Digital radio (DAB)
MBUX audio system with 7" touchscreen
Pre-installation for remote services plus

Connectivity Solutions
Mercedes-Benz emergency call system
Breakdown management
Communication module (LTE) for digital services

Safety and Technology	
Active brake assist	Driver airbag
Electrically folding exterior mirrors	Passenger airbag
Heated and electrically adjustable exterior mirrors	Multifunction steering wheel
Co-driver seatbelt reminder	Hill start assists
Driver seatbelt reminder	Special parametrizable module (PSM)
Crosswind assist	Start switch
Rain sensor	Reverse camera
Lane departure warning system	Tachometer in km/h
Fog lights with cornering light	Outside temperature indicator
Parking light disablement	Tachograph suspension
Automatic low beam activation	Comfort roof control unit
Side marker lights	HVO vehicle capability
Third brake light	ECO Start/Stop function
Adaptative brake light	Hydraulic jack

Control Codes	
Year mod. X3/2	Vehicle VIN encoded with verification digit
Year mod. X3/1	Model generation 0
Basci	N2 Registration
WLTP Modification control code	National execution UE - EFTA - UK
Spanish labels/brochures	Düsseldorf production
Incomplete COC document	EXE Execution

High Voltage Battery and Charging
Increased capacity battery

Technical Data: Mass & Weights

Vehicle

Propulsion	RWD
Wheelbase	3665 mm

Weights

Vehicle weight with driver (75kg) and 90% full tank

Weight

Front axle	1582 kg
Rear axle	954 kg
Total	2536 kg

Maximum Authorized mass

Front axle: 1860 kg
Rear axle: 2430 kg
Payload: 1344 kg
Maximum permissible weight: 3880 kg
Maximum combined mass: 5500 kg

Engine

Code	MU5
Code text	1950 cm ³
Power kW / PS	125 kW / 170 PS
Maximum Torque in NM at 1500/rev./min.	380

Transmission

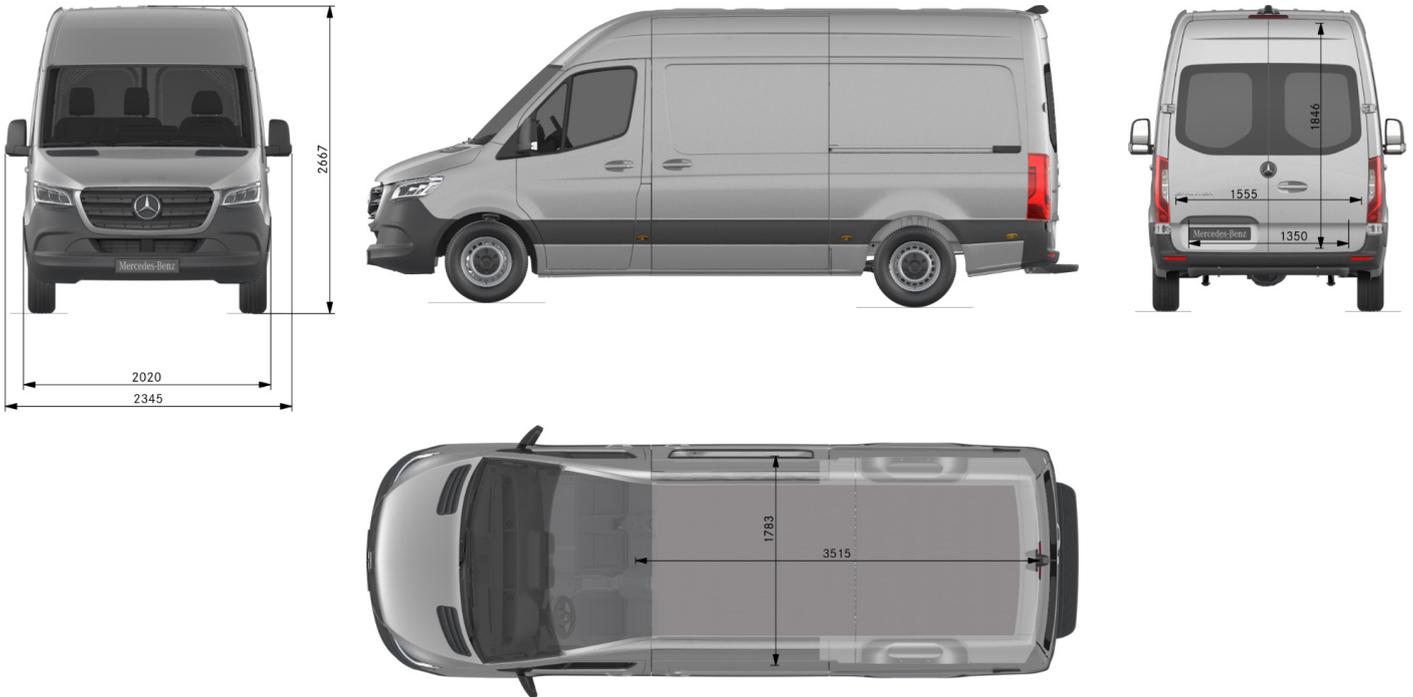

Code	GD8
Code text	Manual 6-Speed ECO Gear transmission
